

Cell phone use on planes should be kept as it is: turn them off. Just as with equipment used in hospitals, cell phone use on airplanes could interfere with monitoring equipment in the air and be a cause for crashes. Do not change the law as it stands now

Violence on TV: You must be joking! Everyone knows there is too much violence AND sex on television for young, innocent eyes to view. Go back to a time when TV was entertaining, not horrifying, violent or embarrassing. I Love Lucy was always the funniest program on TV and no one hit or sexually exploited anyone. Let's make this change starting now! My grandchildren are watching!
